#### *Biography*

Liyawaday is the third wife of Djambawa Marawili. She lives with him at his homeland of Yilpara where she has assisted him with most of his major works over the last ten years. She also helps with her mother, Galuma Maymuru, and her father, Dhukal Wirrpanda's work.

It is often her role to complete the fine cross hatching or marwat with a fine brush made of a few human hairs.

She has consistently produced work in her own right drawing on her own Dhudi Djapu clan designs which her father has shared with her .

Liyawaday is the granddaughter of the famous artist Narritjin Maymuru.
